

Clear Liquid Diet

- A “clear liquid” has the consistency of water at room temperature and is transparent (you can see through it).
- Avoid clear liquids that are red in color during your preparation
- Avoid alcohol and dairy products.
- Tomato juices and pulpy juices are NOT clear liquids

Examples include:

Water	Black Coffee	Tea (Iced or Hot)	Apple Juice	Sports Drinks (Gatorade/Powerade)	White Grape Juice
Popsicles (Pulp-Free)	Jell-O	Fruit Ice/Slush	Broth (Clear Vegetable, Beef or Chicken)	Vitamin Water / Electrolyte Drinks	Coconut Water
